

High Blue Waves vs. Warrensburg Meet Results 7/10/10

Please find the results from this Saturday's meet posted on the office window.

The final score was:

Warrensburg – 667.50

High Blue - 489.50

This puts us as winning 4 of the 6 teams we have swam against so far this season! Those are wonderful stats! We are proud of our team and the progress that has been made by each individual swimmer along the way.

Please note that the ribbons from the Pleasant Hill meet are still being sorted through by Coach Tiffany and are being adjusted so that they are accurate. Tiffany has still not gotten everyone's ribbons back yet from that meet and she needs them in order to make her final corrections. Please turn in your Pleasant Hill ribbons at the next practice. Once she has all of ours back and can complete her corrections THEN we can email Pleasant Hill and get the rest of the ribbons that we did not receive from them initially. This has been a time consuming project and we ask for everyone's patience on the matter as it is being addressed.

The ribbons are in your mailboxes for this last meet against Warrensburg. We ran short on blue ribbons and will be acquiring some from another team in a few days so if you are missing a blue ribbon, please know that you will receive one when we get them. We were 17 short.

We would like to begin preparations for an end of season potluck and pool party. We are tentatively planning that for Saturday July 24th late in the afternoon/early evening for the picnic, then an afterhours pool party where we will have full reign of the pool all to ourselves, with access to both pools and slides.

I will send out more details pertaining to that when we get all of our championship details hammered out. But know that preparations are in the works.
