

# KIDS CORNER

## INFORMATION

When parents work out at the High Blue Wellness Center, supervision is available for children who are between the ages of six months and 10 years. The state dictates the requirements for non-licensed child care, like Kids Corner, which limits our capacity to 20 children.

While it is never our intention to turn kids away, Kid's Corner does occasionally reach its maximum capacity.

As a result, we strongly encourage parents to make reservations, particularly at peak times, to ensure a spot.

**Max. Capacity - 20**
